

Center for Academic and Career Development

THE CAREER DEVELOPMENT CENTRE

The Career Development Centre (CDC) at Coimbatore Institute of Management and Technology is pivotal in motivating and guiding students to pursue higher education after completing their MBA program in India and abroad. Recognizing the importance of continuous learning and the need for advanced knowledge and skills in the competitive global business landscape, the cell actively encourages students to explore further educational opportunities. They provide comprehensive information and resources regarding specialized certification programs and research opportunities in esteemed institutions across India and abroad.

Through personalized counselling, CDC helps students identify the most suitable higher education options aligned with their career aspirations and interests. The Centre also assists students in applying, including guidance on preparing application materials. By fostering a culture of lifelong learning and promoting higher education, the Centre empowers MBA graduates to expand their horizons, gain expertise in their chosen fields, and achieve their academic and professional goals.

The Centre also plays an integral role in creating the outstanding placement record of CIMAT. It ensures the smooth functioning of the placement activities on campus. The Centre further facilitates student training activities and ensures they are placed in the best regional and national companies.
