### CENTRE FOR ADVANCED RESEARCH

The institution established a separate Centre for Research and encouraged all eligible faculty members to get the guide recognition from Bharathiar University. The centre helps all research scholars complete their research successfully by providing all assistance right, from identifying the problems to preparing a report. A research circle has been formed, and it meets periodically.

Research scholars from any institution are encouraged to present their research designs and avail the guidance of several experts from CIMAT and others specially invited from other colleges/universities. They also interact with other scholars attending such meetings. The institution has developed facilities for research like a Computer Lab, Collection of Books, Journals, Periodicals and Back volumes in the disciplines. 24-hour unlimited downloadable internet access is provided to all students.

This centre undertakes research projects and those sponsored by other institutions, government departments, UGC and AICTE on topics of current interest. Research proposals are submitted to the sponsoring agencies and implemented per the memorandum of understanding. Bharathiar University recognizes six faculty members for guiding M.Phil and doctoral research. To encourage research among the faculty, the institution has subscribed to reputed research journals, e-journals and online databases.

### RESEARCH POLICY

The College has envisioned a detailed and vibrant research strategy that will promote strong research culture and integrate with academics at the levels of students, research scholars and faculty.

### FEATURES OF THE POLICY

- ✓ Seed money is provided for various research activities like applying for funding and sanctioned projects to the faculty members pursuing/completing the M.Phil/Ph.D programme.
- ✓ Developing the research attitude among the PG students by introducing individual projects and internships in the curriculum.

## Research Policy

- ✓ Encouraging the research scholars to pursue their research on socially relevant issues in thrust areas to publish articles in peer-reviewed indexed journals.
- ✓ Faculties are incentivized to present their research at seminars/conferences and publish their findings in journals.
- ✓ Financial support to conduct Seminars/Conferences/Workshops/Training Programmes/Sensitisation Programmes by the departments to promote research culture on the campus.
- ✓ The staff members are encouraged to submit proposals for funding agencies of both government and non-government sectors
- ✓ Staff and scholars will be encouraged to publish their work in SCI and SCIE-level publications. Incentives will be provided for publication and travel funding to present their papers at national and international conferences.
- ✓ Seminars / Conferences/ Workshops will be conducted by inviting eminent scientists and experts from abroad and within the country.
- ✓ Periodic research meetings for scholars will discuss the recent development in the respective discipline to update knowledge.
- ✓ Intellectual Property Rights (IPR) cell has been constituted to promote research innovations and intellectual assets.
