OVERALL STUDENT SATISFACTION SURVEY REPORT

SUMMARY:

The students are an integral part of the institution. To capture students' experiences for the academic year 2017-18, a questionnaire with various parameters has been framed and forwarded to the students. The questionnaire survey includes 21 questions to which responses are given anonymously by the institution's students. The survey components include institute-level feedback on infrastructure and learning experiences. Student Satisfaction Survey was conducted in July 2018. This report presents the findings of the Students Satisfaction Survey conducted for the MBA program at CIMAT. The survey aimed to assess students' overall satisfaction with the program and identify areas for improvement. The survey was completed by a representative sample of MBA students, and the results indicate an overall average satisfaction score of 3.51 out of 4.

Methodology: The survey was conducted using a structured questionnaire consisting of multiple-choice/Likert-scale questions. The questionnaire covered various aspects of the MBA program, including curriculum, faculty, resources, facilities, and career services. 95 MBA students participated in the survey, representing diverse backgrounds and cohorts.

KEY FINDINGS:

Overall Satisfaction: The survey results indicate a high overall satisfaction level among MBA students, with an average score of 3.51 out of 4. This suggests that most students are content with their experience in the program.

The teaching and mentoring process: The teaching and mentoring process received positive feedback, scoring 3.9 out of 4. Students appreciated the relevance of cognitive, social and emotional growth.

Faculty: The faculty members received a satisfactory 3.7 out of 4. Students praised the professors' expertise, accessibility, and ability to effectively convey complex concepts.

Resources and Facilities: The survey indicated a strong satisfaction level with the resources and facilities available to MBA students, scoring an average of 4 out of 4. The library, computer labs, and study spaces were well-equipped and conducive to learning.

Career Services: The career services provided by the program received a 4 out of 4. Students appreciated the assistance with job placements, internships, and networking opportunities.

However, some students suggested improved quality and variety of career development workshops.

The Students Satisfaction Survey for the CIMAT MBA program reveals a high overall satisfaction level among the students, with an average score of 3.51 out of 4. The findings highlight the program's strengths, including the curriculum, faculty, resources, and facilities. However, there are areas for improvement, particularly in increasing faculty diversity and enhancing career services. The survey results will serve as valuable feedback for program administrators and faculty to continue strengthening the MBA program and ensuring student satisfaction in the future.
